

Ingenico MOVE 3500

BRING REAL MOBILITY TO PAYMENTS

Sleek and low profile design to fit in modern POS environments.

Large full colour screen making transactions clear to both user and customer.

Meets the requirements of any payment environment, be it mobile or stationary.

Lightweight and pocket sized for greater usability.

FEATURES

Security

Smartcard

Magstripe

Contactless

Colour Display

Connectivity

Apple Pay

Android Pay

The Ingenico MOVE 3500 is designed to bring an innovative payment solution, remaining connected even in the most demanding environments.

Highest Security

The Move/3500 is PCI-PTS 4.x ready. Its TELIUM Tetra OS uses the latest cryptographic schemes with future-proof key length.

All Payment Options

The Move/3500 enables NFC couponing and wallet use cases, in addition to EMV Chip & PIN, swipe and contactless.

User-friendly and intuitive interface

Featuring a large 3.2-inch display, the Move/3500 provides a seamless payment experience.

Designed for Mobility

Designed for indoor and outdoor use, the pocket-sized Move/3500 offers extended battery life. It is the perfect business companion for merchants.

Seamless NFC payment

The Move/3500 boosts NFC payment by offering to customers a seamless experience through a dedicated card-reader zone and faster transaction flows.

Secure payment from the TELIUM Tetra OS

Backed by 30 years of experience and with its user-friendly interface, the TELIUM Tetra Operating System embeds the best security mechanisms to protect transaction privacy and leverage Ingenico's unique portfolio of payment applications.

Eco-designed products

Ingenico Group follows a proactive eco-design policy. From design to production, market launch to recycling, we strive to minimize Ingenico's environmental footprint throughout product life cycles.
